## PROFILE SUMMARY

Frontend Developer with hands-on experience in building responsive, high-quality websites and designing intuitive, user-centered interfaces using Figma. Adept in HTML, CSS, and JavaScript, with a proven ability to create optimized, seamless web experiences. Focused on delivering polished, efficient solutions that enhance user satisfaction and performance.

## WORK EXPERIENCE

Applatus Technologies Pvt.

Jan 2024 - Sept 2024

- Developed and maintained responsive websites, ensuring seamless user experiences across devices.
- Designed and implemented intuitive, user-friendly interfaces using Figma, enhancing overall site aesthetics and functionality..
- Optimized web performance and usability, contributing to higher user engagement and satisfaction.
- Worked closely with cross-functional teams to meet project deadlines and deliver high-quality solutions.

## PROJECTS

**Blog**  
Project, Sept 2024

Link - <https://behtarzindagi.in/>

- Built a responsive blogging platform with **React, Redux, and Tailwind CSS** to optimize state management, ensure mobile responsiveness, and deliver a smooth user experience.
- Implemented **CRUD functionalities and reusable components** to improve maintainability, scalability, and seamless blog management.

**Education Care and Education Planet**  
Applatus Technology, May 2024 - July 2024

Link - Production

- Applied **Material-UI and custom CSS** to create visually consistent, performance-focused web pages that improved both design cohesion and accessibility.
- Designed and implemented fully responsive, interactive pages in **Storybook using TypeScript**, leveraging component-driven development for streamlined workflows.
- Created highly reusable, smart components with Material-UI, Tailwind CSS, and SCSS, ensuring scalability and maintainability across the entire project.
- Worked in a **remote environment** to design responsive pages in Storybook with TypeScript for Education Planet, while optimizing UI/UX and responsiveness for Educationcare, ensuring a seamless user experience across devices.

**StudentApp**  
Applatus Technology, May 2024 - Sept 2024

Link - Production

- Designed **Figma pages for tablet and mobile screen sizes**, ensuring a responsive and user-friendly interface for students, parents, and teachers.
- Developed **comprehensive user flows for students, parents, and teachers**, detailing how each user can effectively navigate the educational app.

**BehtarZindagi & Ganesh Punt**  
Applatus Technology, May 2024 - July 2024

Link - <https://behtarzindagi.in/>

Link - <https://ganeshpunt.com/app/home>

- Transformed **Figma designs into fully functional web pages for the Behtarzindagi e-commerce platform and Ganesh Punt Live casino platform**, delivering a user-friendly interface for the seamless sale of agricultural products and tools.

## EDUCATION

**Bachelor of Computer Application**  
Prof. Brijmohan Mishra institute of Medical and Technical Science

2018- 2021

**Class 12th**  
Burhanpur Public School (CBSE Board)

2017-2018

## SKILLS

HTML5, CSS3, SCSS, Tailwind CSS, MUI, GIT, Bootstrap, JavaScript, TypeScript , React, Redux, GSAP, Storybook, Figma.
